# **MATERIAL SAFETY DATA SHEET**

POLYANIONIC CELLULOSE (PAC HV)

### PRODUCT IDENTIFICATION

Product Name: PAC HV

Chemical Name: POLYANIONIC CELLULOSE (PAC)

Synonyms: PAC CAS Number: 9004-32-4

### **Product Components:**

Name_	<b>Percentage</b>	CAS No.	EINECS No.
1. Purity of sodium carboxymethyl			
cellulose, on dry basis	85% min.	9004-32-4	
2. moisture content	8.0% Max.	7732-18-5	231-791-2
3. sodium chloride	0 - 10%	7647-14-5	231-598-3

### **HEALTH HAZARDS**

# **Recommended Exposure Limits:**

Control as Particulate Not Otherwise Classified (PNOC) or Regulated:

# **Acute Effects of Overexposure:**

Skin Contact: May cause slight irritation with prolonged contact with moistened product.

Eye Contact: Dust may cause mechanical irritation.

Inhalation: Non-irritating to mucous membranes, however, breathing high concentration

of the dust may cause mechanical irritation of the nose, throat, and upper

respiratory tract.

Ingestion: Passes through relatively inert. May cause some gastrointestinal upset. Oral

LD50 > 25 g/kg (rats)

### **Subchronic and Chronic Effect of Overexposure:**

No adverse effects have been noted in chronic feeding studies using laboratory animals and humans.

### **Other Health Effects:**

Long term exposure to high dust concentrations may cause non-debilitating lung changes.

## **Health Hazard Categories:**

	<u>Animal</u>	<u>Human</u>		<u>Animal</u>	<u>Human</u>
Known carcinogen	-	-	Toxic	-	-
Suspect carcinogen	-	-	Corrosive	-	-
Mutagen	-	-	Irritant	-	-
Teratogen	-	-	Target Organ Toxin	-	-

<sup>\*</sup> The value is for inhalable (total) particulate matter containing no asbestos.

Animal Human Animal Human

Allergic Sensitizer - - Specify – No known applicable information

Highly Toxic - -

### **Canadian WHMIS:**

Specify: Does not meet criteria for any of the above categories.

## **FIRST AID MEASURES**

Skin Contact: Wash with plenty of water and soap while removing contaminated clothing

and shoes. Wash clothing before reuse. If irritation develops or persists, get

medical attention.

Eye Contact: In case of contact, immediately flush with plenty of water for at least 15

Minutes, occasionally lifting the upper and lower eyelids. If irritation

persists, consult medical personnel.

Ingestion: Do not induce vomiting. If conscious and alert, rinse mouth and drink 2-4

cupful of milk or water. Wash mouth out with water. Get medical aid if

irritation or symptoms occur.

Inhalation: Move to fresh air immediately. If cough or other symptoms appear, get

medical attention.

### PHYSICAL AND CHEMICAL DATA

Appearance and Odor: Free-flowing white to light yellow powder; odorless

Bulk Density: 300 – 900 kg/m3
Melting Point (°C): Not applicable
Boiling Point (°C): Not applicable

Solubility in Water: Soluble pH (1% solution):  $6.0 \sim 8.5$ 

NFPA Rating: Health 1; Flammability 0; Reactivity 0

Vapor Density (Air = 1): Not applicable Vapor Pressure (mm Hg): Not applicable

### FIRE FIGHTING MEASURES

Flash Point: Not applicable Flammable Limits: Not applicable

Extinguishing Media: Water spray, foam, or Halogen

Special Fire Fighting

Procedures: In case of insufficient ventilation firefighters should wear self-

contained breathing apparatus and full protective gear. Material

becomes slippery when contacted with water. During fire, irritating and toxic gases may be generated by thermal decomposition or combustion.

Unusual Fire and

Tel: +86-533-6281218

Email:sales@kimachemical.com

www.kimachemical.com

Explosion Hazards: Dust/air mixtures may ignite violently upon exposure to sparks or sources

of ignition.

Incompatibility: Moisture

Conditions to Avoid: Incompatible materials, dust generation, excess heat, exposure to moist or

water

Decomposition Products: carbon dioxide, carbon monoxide, irritating and toxic fumes and gases

Hazardous Polymerization: Will not occur

Chemical Stability: stable under normal temperature and pressure.

### **PREVENTIVE MEASURES**

Ventilation: Normal room ventilation is okay for limited use. Use adequate ventilation to

keep airborne concentrations low.

Respirators: A respiratory protection program that meets OSHA's 29 CFR 910.134 and

ANSI Z88.2 requirements or European Standard EN 149 must be followed

whenever workplace conditions warrant a respirator's use.

Protective Clothing: Wear appropriate protective clothing and gloves to prevent skin exposure.

Eye Protection: Wear appropriate protective eyeglasses or chemical safety goggles.

# PRECAUTIONS TO BE TAKEN IN HANDLING AND STORING

**Handling:** Wash thoroughly after handling. Minimize dust generation and accumulation. Avoid contact with eyes, skin. Avoid ingestion and inhalation. Use with adequate ventilation.

Keep container tightly closed.

Storage: Store in a tightly closed container. Store in a cool, dry and well-ventilated place. Store protected

from moisture. No special precautions indicated.

## ACCIDENTAL RELEASE MEASURES

**General information:** Use proper personal protective equipment.

Spills/Leaks: Contain and clean spilled material by vacuum or broom sweeping and remove to suitable

disposal container. Clean up spills immediately. Avoid generating dust conditions. Provide ventilation.

# **WASTE DISPOSAL METHOD**

Must consult state and local hazardous waste regulations to ensure complete and accurate classification.

Dispose of in accordance with any local, state, and federal regulations. Prevent run-off to sewers.

RCRA P-Series: None listed RCRA U-Series: None listed

# TRANSPORTATION INFORMATION

**US DOT:** No information available

### **REGULATORY INFORMATION**

Hazard definitions as defin	ned by the Occupational saf	fety and Health H	Iazard Communication	on Standard (CFR		
Section 1910.1200) are:						
combustion liquid	flammable aerosol	oxidizer	compressed gas	explosive		
pyrophoric	flammable gas	health haza	ard -	unstable		
flammable liquid	organic peroxide	water react	ive	flammable solid		
Based on information presently available, this product does not meet any of the hazard definitions of 29 CFR						
Section 1910.1200.			•			

### **SARA 313**

As of the preparation date, this product did not contain a chemical or chemical subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.
